

3M™ Aluminium Oxide Cutting Wheel 14" X 3.0 MM

Description

- Ceramic material lasts up to eight times longer than conventional aluminum oxide material
- The combination of high speed rating and 3M™ ceramic abrasive grain content means a cool, sharp, quick cut with minimal product wear
- Ideal for cutting sheet metal, frames, rails, bars, clamps and rusted bolts
- Easy attachment to the appropriate cut-off tool with hub and retainer nut providing a simple and quick replacement of worn discs

Features

- Dimension: 14" x 1.3 MM
- 3M™ Genuine Product
- Application: Cutting
- Suitable for Carbon Steel, Stainless, Aluminium, Cast Iron, Titanium, Nickel Alloy, Non-Ferrous (Brass/Bronze)
