

3M H9A Optime™ 98 Earmuff Over-The-Head 25DB

Description

3M™ PELTOR™ Optime™ Earmuffs feature a range of models for increasing hearing protection needs. The stainless-steel headband is designed to help keep Over-the-Head earmuffs in place. This product is designed to help prevent bending and warping. E-A-Rfit™ provides an accurate quantitative assessment of how much noise reduction a hearing protector provides to an individual worker.

Features

- Over-the-Head earmuffs featuring a stainless steel headband for consistent force and effective hearing protection
- Stainless-steel headband designed to help resist bending, warping, and twisting
- Noise Reduction Rating (NRR) : 25 dB
- Adjustable earcups tilt to help create a personalized fit
- Compatible with the 3M™ E-A-Rfit™ Dual-Ear Validation System
- Foam filled earmuff cushions
