

KARNASCH 130110 Pneumatic Straight Die Grinder

Description

Technical specification:

- Precise and easy to use
- Excellent power to weight ratio, offering consistently high quality cutting with minimal physical effort
- Designed for quick rounding of small sheets, pipes and holes, with depth adjustment of 0.125mm increments

Technical data:

Model	SM16-BT
Code	130110
Motor	Pneumatic
Max Depth (mm)	6
Air Pressure (bar)	6.3
Air Consumption (m³/min)	0.62
Power (w)	820
Max Speed (rpm)	16,000
Weight (kg)	1.33
For Radius (mm)	R2, R3, R4
For Bevels	30°, 37°, 45°
Min Opening for Beveling	22

Min Opening for Rounding	16
