

RW 97111 Boot Cream – Black

Description

- Red Wing Black Boot Cream uses a blend of waxes, solvents, and lanolin to prevent drying and increase the water repellency of smooth-finished leathers. This cream is tinted black to add hue to leather and cover scratches.

How to Apply?

Apply a light, even coat of All Natural Boot Oil, Mink Oil or All Natural Leather Conditioner to leather with finger, cloth, or sponge. Proper conditioning keeps leather healthy and extends the life of footwear.
